

Columbus Santa Maria
4th grade and up
Overnight Education Program
2009 Information Sheet and itinerary.

The Columbus Santa Maria Overnight Program combines hands on history with a challenging environment to push our 21st century students into experiences that are new and rewarding. We focus on activities that sharpen leadership skills, teamwork skills, critical thinking skills, and the maturity level of our young crewmembers. You will be amazed at what your crew will accomplish when most of the comforts of the 21st century are removed even for the short 16 hours they are with us.
